### 0322 - Strawberry Kiwi Flavor, Natural/Artificial

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Date of issue: 05/06/2015 Version: 1

SECTION 1: Identifi	
	cation of the substance/mixture and of the company/undertaking
1.1. Product identifie	-
Product name	: 0322 - Strawberry Kiwi Flavor, Natural/Artificial
Product form	: Mixture
1.2. Relevant identif	ied uses of the substance or mixture and uses advised against
Use of the substance/mixtur	e : Food industry: component
1.3. Details of the su	Ipplier of the safety data sheet
LorAnn Oils, Inc. 4518 Aurelius Road Lansing, MI 48910 Telephone: 1.800.862.8620	
1.4. Emergency tele	phone number
Emergency number	: CHEMTREC: Within USA and Canada: 1.800.424.9300 Outside USA and Canada: +1 703 527 3887
SECTION 2: Hazards	s identification
2.1. Classification of	the substance or mixture
Classification (GHS-US)	
Not classified	
2.2. Label elements	
2.2. Label elements	
2.2. Label elements GHS-US labeling	
2.2. Label elements	
2.2. Label elements GHS-US labeling No labeling applicable	
<ul> <li>2.2. Label elements</li> <li>GHS-US labeling</li> <li>No labeling applicable</li> <li>2.3. Other hazards</li> </ul>	
<ul> <li>2.2. Label elements</li> <li>GHS-US labeling</li> <li>No labeling applicable</li> <li>2.3. Other hazards</li> <li>No additional information av</li> </ul>	
<ul> <li>2.2. Label elements</li> <li>GHS-US labeling</li> <li>No labeling applicable</li> <li>2.3. Other hazards</li> <li>No additional information av</li> <li>2.4. Unknown acute</li> </ul>	railable toxicity (GHS-US)
<ul> <li>2.2. Label elements</li> <li>GHS-US labeling</li> <li>No labeling applicable</li> <li>2.3. Other hazards</li> <li>No additional information av</li> <li>2.4. Unknown acute</li> <li>Not applicable</li> </ul>	toxicity (GHS-US)
<ul> <li>2.2. Label elements</li> <li>GHS-US labeling</li> <li>No labeling applicable</li> <li>2.3. Other hazards</li> <li>No additional information av</li> <li>2.4. Unknown acute</li> <li>Not applicable</li> </ul>	
<ul> <li>2.2. Label elements</li> <li>GHS-US labeling</li> <li>No labeling applicable</li> <li>2.3. Other hazards</li> <li>No additional information av</li> <li>2.4. Unknown acute</li> <li>Not applicable</li> </ul>	toxicity (GHS-US)
<ul> <li>2.2. Label elements</li> <li>GHS-US labeling</li> <li>No labeling applicable</li> <li>2.3. Other hazards</li> <li>No additional information av</li> <li>2.4. Unknown acute</li> <li>Not applicable</li> <li>SECTION 3: Compose</li> </ul>	toxicity (GHS-US)
<ul> <li>2.2. Label elements</li> <li>GHS-US labeling</li> <li>No labeling applicable</li> <li>2.3. Other hazards</li> <li>No additional information av</li> <li>2.4. Unknown acute</li> <li>Not applicable</li> <li>SECTION 3: Compose</li> <li>3.1. Substance</li> </ul>	toxicity (GHS-US)
2.2.       Label elements         GHS-US labeling       No labeling applicable         2.3.       Other hazards         No additional information av       2.4.         Unknown acute       Not applicable         SECTION 3: Compose       3.1.         Substance       Not applicable         3.1.       Substance         Not applicable       3.2.         Mixture       *The specific chemical identical ide	toxicity (GHS-US)

SECTION 4: First aid measures	
4.1. Description of first aid measures	
First-aid measures general	: Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice (show the label where possible).
First-aid measures after inhalation	: Allow victim to breathe fresh air. Allow the victim to rest.
First-aid measures after skin contact	: Remove affected clothing and wash all exposed skin area with mild soap and water, followed by warm water rinse.
	0322 - Strawberry Kiwi Flavor,

Natural/Artificial

LORANN OILS, INC.
-------------------

First-aid measures after eye contact       : Rinse immediately with plenty of water. Obtain medical attention if pain, blinking or redness persist.         First-aid measures after ingestion       : Rinse mouth. Do NOT induce vomiting. Obtain emergency medical attention.         4.2. Most important symptoms and effects, both acute and delayed         Symptoms/injuries       : Not expected to present a significant hazard under anticipated conditions of normal use.         4.3. Indication of any immediate medical attention and special treatment needed         No additional information available         SECTION 5: Firefighting measures         5.1. Extinguishing media       : Foam. Dry powder. Carbon dioxide. Water spray. Sand.         Unsuitable extinguishing media       : Do not use a heavy water stream.         5.2. Special hazards arising from the substance or mixture       No additional information available         5.3. Advice for firefighters       : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment.         Protection during firefighting       : Do not enter fire area without proper protective equipment, including respiratory protection.         SECTION 6: Accidental release measures       Section 4: carbon dividu proper protective equipment, including respiratory protection.
First-aid measures after ingestion       : Rinse mouth. Do NOT induce vomiting. Obtain emergency medical attention.         4.2. Most important symptoms and effects, both acute and delayed         Symptoms/injuries       : Not expected to present a significant hazard under anticipated conditions of normal use.         4.3. Indication of any immediate medical attention and special treatment needed         No additional information available         SECTION 5: Firefighting measures         5.1. Extinguishing media         Suitable extinguishing media         Unsuitable extinguishing media         So not use a heavy water stream.         5.2. Special hazards arising from the substance or mixture         No additional information available         5.3. Advice for firefighters         Firefighting instructions       : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment.         Protection during firefighting       : Do not enter fire area without proper protective equipment, including respiratory protection.
Symptoms/injuries       : Not expected to present a significant hazard under anticipated conditions of normal use.         4.3. Indication of any immediate medical attention and special treatment needed         No additional information available         SECTION 5: Firefighting measures         5.1. Extinguishing media         Suitable extinguishing media         1. Foam. Dry powder. Carbon dioxide. Water spray. Sand.         Unsuitable extinguishing media         2. Special hazards arising from the substance or mixture         No additional information available         5.3. Advice for firefighters         Firefighting instructions       : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment.         Protection during firefighting       : Do not enter fire area without proper protective equipment, including respiratory protection.
4.3. Indication of any immediate medical attention and special treatment needed         No additional information available         SECTION 5: Firefighting measures         5.1. Extinguishing media         Suitable extinguishing media       : Foam. Dry powder. Carbon dioxide. Water spray. Sand.         Unsuitable extinguishing media       : Do not use a heavy water stream.         5.2. Special hazards arising from the substance or mixture         No additional information available         5.3. Advice for firefighters         Firefighting instructions       : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment.         Protection during firefighting       : Do not enter fire area without proper protective equipment, including respiratory protection.
No additional information available         SECTION 5: Firefighting measures         5.1. Extinguishing media         Suitable extinguishing media       : Foam. Dry powder. Carbon dioxide. Water spray. Sand.         Unsuitable extinguishing media       : Do not use a heavy water stream.         5.2. Special hazards arising from the substance or mixture         No additional information available         5.3. Advice for firefighters         Firefighting instructions       : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment.         Protection during firefighting       : Do not enter fire area without proper protective equipment, including respiratory protection.
SECTION 5: Firefighting measures         5.1. Extinguishing media         Suitable extinguishing media       : Foam. Dry powder. Carbon dioxide. Water spray. Sand.         Unsuitable extinguishing media       : Do not use a heavy water stream.         5.2. Special hazards arising from the substance or mixture         No additional information available         5.3. Advice for firefighters         Firefighting instructions       : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment.         Protection during firefighting       : Do not enter fire area without proper protective equipment, including respiratory protection.
5.1. Extinguishing media       : Foam. Dry powder. Carbon dioxide. Water spray. Sand.         Suitable extinguishing media       : Do not use a heavy water stream.         5.2. Special hazards arising from the substance or mixture         No additional information available         5.3. Advice for firefighters         Firefighting instructions       : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment.         Protection during firefighting       : Do not enter fire area without proper protective equipment, including respiratory protection.
Suitable extinguishing media: Foam. Dry powder. Carbon dioxide. Water spray. Sand.Unsuitable extinguishing media: Do not use a heavy water stream.5.2. Special hazards arising from the substance or mixtureNo additional information available5.3. Advice for firefightersFirefighting instructions: Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment.Protection during firefighting: Do not enter fire area without proper protective equipment, including respiratory protection.
Unsuitable extinguishing media       : Do not use a heavy water stream.         5.2.       Special hazards arising from the substance or mixture         No additional information available
5.2.       Special hazards arising from the substance or mixture         No additional information available         5.3.       Advice for firefighters         Firefighting instructions       : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment.         Protection during firefighting       : Do not enter fire area without proper protective equipment, including respiratory protection.
No additional information available <b>5.3.</b> Advice for firefighters         Firefighting instructions       : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment.         Protection during firefighting       : Do not enter fire area without proper protective equipment, including respiratory protection.
No additional information available <b>5.3.</b> Advice for firefighters         Firefighting instructions       : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment.         Protection during firefighting       : Do not enter fire area without proper protective equipment, including respiratory protection.
Firefighting instructions: Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment.Protection during firefighting: Do not enter fire area without proper protective equipment, including respiratory protection.
Firefighting instructions: Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment.Protection during firefighting: Do not enter fire area without proper protective equipment, including respiratory protection.
Protection during firefightingChemical fire. Prevent fire-fighting water from entering environment.Protection during firefighting: Do not enter fire area without proper protective equipment, including respiratory protection.
SECTION 6: Assidental valence measures
SECTION 6: Accidental release measures
6.1. Personal precautions, protective equipment and emergency procedures
6.1.1. For non-emergency personnel
Emergency procedures : Evacuate unnecessary personnel.
6.1.2. For emergency responders
Protective equipment : Equip cleanup crew with proper protection.
Emergency procedures : Ventilate area.
6.2. Environmental precautions
Prevent entry to sewers and public waters. Notify authorities if liquid enters sewers or public waters.
6.3. Methods and material for containment and cleaning up
Methods for cleaning up: Soak up spills with inert solids, such as clay or diatomaceous earth as soon as possible. Collect spillage. Store away from other materials.
6.4. Reference to other sections
See Heading 8. Exposure controls and personal protection.
SECTION 7: Handling and storage
7.1. Precautions for safe handling
Precautions for safe handling : Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Provide good ventilation in process area to prevent formation of vapor.
7.2. Conditions for safe storage, including any incompatibilities
Storage conditions : Keep only in the original container in a cool, well ventilated place away from : Keep container closed when not in use.
Incompatible products : Strong bases. Strong acids.
Incompatible materials : Sources of ignition. Direct sunlight.
7.3. Specific end use(s)

### SECTION 8: Exposure controls/personal protection

**SECTION 9: Physical and chemical properties** 

8.1. Control parameters			
0322- Strawberry Kiwi Flavor, Natural/Artificial			
ACGIH	Not applicable		
OSHA	Not applicable		
Proprietary Flavor Ingredient - 785			
ACGIH	Not applicable		
OSHA	Not applicable		

8.2. Exposure controls	
Personal protective equipment	: Avoid all unnecessary exposure.
Hand protection	: Wear eye protection and protective gloves. protective gloves.
Eye protection	: Chemical goggles or safety glasses.
Respiratory protection	: Wear appropriate mask.
Other information	: Do not eat, drink or smoke during use.

#### Information on basic physical and chemical properties 9.1. Physical state : Liquid Color : Refer to specification sheet Odor : characteristic Odor threshold : No data available : No data available pН Relative evaporation rate (butyl acetate=1) : No data available Melting point : No data available : No data available Freezing point : No data available Boiling point Flash point : > 200 °F

Auto-ignition temperature	:	No data available
Decomposition temperature	:	No data available
Flammability (solid, gas)	:	No data available
Vapor pressure	:	No data available
Relative vapor density at 20 °C	:	No data available
Relative density	:	No data available
Specific gravity / density	:	1.03
Solubility	:	Miscible with water. Water: N/A
Log Pow	:	No data available
Log Kow	:	No data available
Viscosity, kinematic	:	No data available
Viscosity, dynamic	:	No data available
Explosive properties	:	No data available
Oxidizing properties	:	No data available

Explosive limits

: No data available

9.2.	Other information		
No addi	No additional information available		
SECT	ION 10: Stability and reactivity		
10.1.	Reactivity		
No additional information available			
10.2.	Chemical stability		
Not est	ablished.		
10.3.	Possibility of hazardous reactions		
Not est	ablished.		
10.4.	Conditions to avoid		
Direct s	unlight. Extremely high or low temperatures.		
10.5.	Incompatible materials		
Strong acids. Strong bases.			
10.6.	Hazardous decomposition products		
fume. C	Carbon monoxide. Carbon dioxide.		
SECT	ION 11: Toxicological information		
11.1.	Information on toxicological effects		

### Acute toxicity

: Not classified

Proprietary Flavor Ingredient - p322		
LD50 oral rat	20000 mg/kg (Rat; Experimental value)	
LD50 dermal rat	22500 mg/kg (Rat; Experimental value)	
LD50 dermal rabbit	20800 mg/kg (Rabbit; Experimental value)	
ATE US (oral)	20000.000 mg/kg body weight	
ATE US (dermal)	20800.000 mg/kg body weight	
Skin corrosion/irritation	: Not classified	
Serious eye damage/irritation	: Not classified	
Respiratory or skin sensitization	: Not classified	
Germ cell mutagenicity	: Not classified	
Carcinogenicity	: Not classified	
Reproductive toxicity	: Not classified	
Specific target organ toxicity (single exposure)	: Not classified	
Specific target organ toxicity (repeated exposure)	: Not classified	
Aspiration hazard	: Not classified	
Potential Adverse human health effects and symptoms	: Based on available data, the classification criteria are not met.	

SECTION 12: Ecolog	ical information
--------------------	------------------

### 12.1. Toxicity

No additional information available

0322 - Strawberry Kiwi Flavor, Natu	
Persistence and degradability	Not established.
12.3. Bioaccumulative potential	
0322- Strawberry Kiwi Flavor, Natur	al/Artificial
Bioaccumulative potential	Not established.
12.4. Mobility in soil	
No additional information available	
12.5. Other adverse effects	
Effect on ozone layer	:
Effect on the global warming	: No known ecological damage caused by this product.
Other information	: Avoid release to the environment.
SECTION 13: Disposal conside	rations
13.1. Waste treatment methods	
Naste disposal recommendations	: Dispose in a safe manner in accordance with local/national regulations.
Ecology - waste materials	: Avoid release to the environment.
SECTION 14: Transport inform	ation
In accordance with DOT	
Not regulated for transport	
Additional information	
Other information	: No supplementary information available.
ADR	
No additional information available	
Transport by sea	
No additional information available	
Air transport	
No additional information available	
SECTION 15: Regulatory infor	mation
15.1. US Federal regulations	
Proprietary Flavor Ingredient - 785	
Listed on the United States TSCA (Toxic S	Substances Control Act) inventory
Proprietary Flavor Ingredient - p322	
<b>Proprietary Flavor Ingredient - p322</b> Listed on the United States TSCA (Toxic S	

**EU-Regulations** No additional information available

#### Classification according to Regulation (EC) No. 1272/2008 [CLP]

Classification according to Directive 67/548/EEC [DSD] or 1999/45/EC [DPD]

Not classified

15.2.2. National regulations

15.3. US State regulations

### Proprietary Flavor Ingredient - p322

U.S. - New Jersey - Right to Know Hazardous Substance List

#### **SECTION 16: Other information**

Other information

: DISCLAIMER OF LIABILITY The information in this SDS was obtained from sources which we believe are reliable. However, the information is provided without any warranty, express or implied, regarding its correctness. The conditions or methods of handling, storage, use or disposal of the product are beyond our control and may be beyond our knowledge. For this and other reasons, we do not assume responsibility and expressly disclaim liability for loss, damage or expense arising out of or in any way connected with the handling, storage, use or disposal of the product. This SDS was prepared and is to be used only for this product. If the product is used as a component in another product, this SDS information may not be applicable.

#### Full text of H-phrases:

Asp. Tox. 1	Aspiration hazard Category 1
Carc. 2	Carcinogenicity Category 2
Eye Irrit. 2A	Serious eye damage/eye irritation Category 2A
Muta. 2	Germ cell mutagenicity Category 2
H304	May be fatal if swallowed and enters airways
H319	Causes serious eye irritation
H341	Suspected of causing genetic defects
H351	Suspected of causing cancer
